

Question:

How do I view the document referenced in the Notice of Electronic Filing?

Answer:

You will only be able to see a document if the document number is in blue and it is underlined (is called hyperlink). Click on the number, if it is a criminal or social security case, the system will open a window with the ECF/PACER login screen. Enter the ECF login and password provided by the Court. The system then will display the PACER login screen, enter your Pacer and password.
