

**UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF PUERTO RICO**

**SECOND AMENDED PROTOCOL FOR IN-
PERSON HEARINGS AND TRIALS
DURING COVID 19 PANDEMIC**

Effective August 2, 2021.

**UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF PUERTO RICO**

SECOND AMENDED PROTOCOL FOR IN-PERSON HEARINGS AND TRIALS¹

On July 5, 2021, Executive Order No. 2021-054 (EO 21-054) was issued, easing most COVID-related restrictions for vaccinated individuals. Nonetheless, on July 27, 2021, amid rising infections, the Secretary of Health of Puerto Rico, and the Centers for Disease Control (CDC) reinstated the use of facial masks in public, and indoor settings regardless of vaccination status. This, to prevent asymptomatic infection or transmission of COVID-19, particularly the Delta variant.

Since April 1st, the court has closely monitored the vaccination status of those entering our premises². As of July 14, 40% of those entering our complex still had not been vaccinated, posing a risk of infection to employees, the public, and the bar.

After a thorough review of the Executive and Administrative Orders; local and federal health agencies' recommendations and guidelines, and having consulted with our epidemiologist Dr. Julio Cádiz, the following guidelines are issued for in-person proceedings and trials to be held in the District of Puerto Rico. These guidelines also consider the Bureau of Prisons (BOP) and the US Marshal Service (USMS) Protocols. These new guidelines shall become effective on **August 2, 2021**.

The following document outlines the general approach for conducting in-person hearings in our District. As we transition to an increased number of in-person proceedings, this document will serve to provide all attendees to an in-person hearing or trial with an understanding of our new guidelines and protocols, as well as the precautions being taken district-wide to protect jurors, attorneys, court staff and members of the public.
