6. Final grommet locations to be determined by the Courts.

### Vendor Requirements:

- Vendors should follow US Court District security and safety requirements.
- Consider installation after regular working hours.
- Vendor shall take field measurements and verify field conditions, carefully compare such field measurements and conditions with other information known to vendor prior to the performance of work. Vendor must ensure proper fitting with existing conditions and the work of others and to report findings to the procurement officer or project manager in charge.
- Quotes may be e-mailed to the listed address below by **Tuesday, September 26, 2023, at 5:00 p.m.** local time. Quotes submitted in person must be delivered by the same time at the location listed as delivery address below and addressed to **Attention: Lizette Márquez.**
- Submit a quotation by area indicating each furniture piece description and cost.
- Installation costs must be submitted in a separate line from delivery costs.
- A fixed price award from this RFQ will be made based on the lowest priced, technically acceptable offer.
- Delivery of products is desired within 90 days after receipt of orders (ARO)
- **Please carefully review the terms and conditions attached, especially the Provision 2-100, Brand Name or Equal. All quotes for “or equal” products need to follow instructions provided at this provision so that determination as to equality of the product offered can be made. Failure to do so may render your quotation non-responsive and disqualified. To this end, we have included a spreadsheet that you may use to enter the specifications of the product offered if an “or equal” product is offered. Please make sure to include with the proposal illustrations of the furniture and products offered that will provide sufficient evidence that the same style and lines described in the RFQ are offered.**
- Refer to attachments enclosed. Complete all information requested.

**b. Fire Prevention:** The prevention of fire is imperative during construction projects. The contractor is responsible for enforcing fire safety in his work area. Smoking is prohibited inside

buildings and within 15 meters (50 feet) of flammable and combustible liquids. Burning trash and rubbish at the construction site is strictly prohibited.

**c. Safety data sheet (SDS):** SHALL be submitted in advance for all chemicals to be used in this project. A hard copy of the MSDS SHALL be kept on site and available upon request.

## **5. SECURITY REQUIREMENTS:**

**a. Contractor's Information:** Contractor must be willing to fill up a Contractor's Information Worksheet that includes personal identification data for every member of his/her staff.

**b. Restricted Access:** During the course of the contract, certain areas may be restricted or closed to Contractor personnel. The Contractor shall comply with requirements for entry to include signing in or securing an entry badge and or wait for an escort. The Contractor shall be responsible for the physical security of all materials, supplies and equipment, including property that he is utilizing. The Contractor is responsible for providing to the Project Manager a list of company personnel that will be used to execute the contract. The list must contain the following information on each person:

- Name
- Identification Number
- Copy of civil ID or passport
- Copy of Good Conduct Police Report for each employee
- Copy of driver's license for all vehicle operators
- The length of time or period during which the individual will require a pass.

**c. Vehicle information:** The contractor is responsible for providing the Contracting Officer's Representative with descriptions of any vehicles to be used during the execution of the contract. The information on each vehicle must include:

- Make
- Model
- License Plate Model
- Year
- Color

Each vehicle must comply with all the permits and inspections required by State regulations.

No photographs of any type shall be taken at any time without prior authorization from a Government Representative.

## **6. CLEAN UP:**

All areas must be left clean and prepared for normal operations on the next business day. The Contractor is required to sweep up and dust off all debris that may fall from the ceiling associated with the replacement project. The Contractor is responsible for removal of all their waste product associated with this construction; all hazardous debris must be removed at the end of the day. The Contractor shall keep the work areas at all sites, including storage areas, free from accumulations of waste materials on a daily basis and comply with all federal, state and local regulations pertaining to the storage, transport and disposal of wastes. The Contractor shall not use the US Government waste disposal facilities including garbage cans, trash piles or Dumpsters without the approval of the Project Manager.

#### **7. ENVIRONMENTAL COMPLIANCE:**

The Contractor SHALL comply with all applicable federal, state, and local environmental regulations during the execution of this contract.

#### **GOVERNMENT FURNISHED PROPERTY / SERVICES:**

All reasonable quantities of utilities will be made available to the Contractor without charge during the course of this contract, when available. Parking expenses will be the Contractor's responsibility at no cost to the government.

#### **8. INSPECTION & ACCEPTANCE:**

The contractor must inform the Project Manager projected contract completion date with reasonable time in advance to allow scheduling of dates for preliminary and final inspections. Contractor will supply to government representative a copy of the inspection certification.

*(End of Annex 1)*

**The following judiciary provisions are incorporated in this solicitation:**

**Provision B-1, Solicitation Provisions Incorporated by Reference (SEP 2010)**

This solicitation incorporates one or more solicitation provisions by reference, with the same force and effect as if they were given in full text. Upon request, the contracting officer will make their full text available. The offeror is cautioned that the listed provisions may include blocks that must be completed by the offeror and submitted with its quotation or offer. In lieu of submitting the full text of those provisions, the offeror may identify the provision by paragraph identifier and provide the appropriate information with its quotation or offer. Also, the full text of a solicitation provision may be accessed electronically at this address: <http://www.uscourts.gov/procurement.aspx>.

**Provision 2-100, Brand Name or Equal (APR 2013)**

(a)One or more items called for by this solicitation have been identified by a brand-name-or-equal product description. Offers offering equal products will be considered for award if these products are clearly identified and are determined by the judiciary to contain all of the essential characteristics of the brand-name products referenced in the solicitation.

(b)Unless the offeror clearly indicates in the offer that the offer is for an equal product, the offer will be considered as offering a brand-name product referenced in the solicitation.

(c)If the offeror proposes to furnish an equal product, the brand name and model or catalog number, if any, of the product to be furnished shall be inserted in the space provided in the solicitation. The evaluation of offers and the determination as to equality of the product offered will be based on information furnished by the offeror or identified in the offer, as well as other information reasonably available to the purchasing activity. The purchasing activity is not responsible for locating or obtaining any information not identified in the offer and reasonably available to the purchasing activity. Accordingly, to ensure that sufficient information is available, the offeror shall furnish as a part of the offer:

(1)all descriptive material (such as cuts, illustrations, drawings, or other information) necessary for the purchasing activity to establish exactly what the offeror proposes to furnish and to determine whether the product offered meets the requirements of the solicitation; or

(2)specific references to information previously furnished or to information otherwise available to the purchasing activity to permit a determination as to equality of the product offered.

(3)If the offeror proposes to modify a product so as to make it conform to the requirements of the solicitation, the offeror shall:

(i)Include in the offer a clear description of the proposed modifications; and

(ii)Clearly mark any descriptive material to show the proposed modifications.

**Provision 3-135, Single or Multiple Awards (JAN 2003)**

The judiciary may elect to award a single contract or to award multiple contracts for the same or similar products or services to two or more sources under this solicitation.
